### Booker Venue the First 6 months

Well I am so lucky to be able to say that with the help from some utterly amazing clients that the first 6 months have been totally awesome. Not only giving me some fabulous enquiries but allowing me to let my creative juices flow to find some unique and inspiring venues. So, a massive thank you to all my wonderful clients. I am so grateful for your loyalty and support.

Here are a couple of comments received from some happy clients:

'I have had the pleasure of working with Carina for many years and since the launch of Booker Venue, she has assisted me with organising two events for my Company – both of which were incredibly successful. It is usually difficult to find the perfect venue, in the perfect location within budget and Carina always does her very best to accommodate our needs and does it with the utmost professionalism. I would never hesitate in recommending Booker Venue to anyone who requires assistance or advice for organising any event.' **Clare (city-based insurance company)**

'What an amazing discovery! Carina was recommended to me when I discovered my knowledge of London venues wasn't going to make the cut for the events I needed to organise! Each event had quite unique demands and Carina not only met but totally exceeded them with her suggestions for venues. What stood out to me most (other than the fact she is one of the most likeable people I have ever met!) was how much she got to understand the very specific needs of each event and very quickly responded with venues ranging from the traditional to the quirkiest (which I loved!). She helped me discover places that I never would've found for myself that were just ideal and managed the relationships with the venues making everything unbelievably easy for me. I couldn't be happier with how the venues were received by attendees and the whole experience of working with Carina has been amazing (even hand delivered gifts at the most unexpected of moments!). Carina really is incredible, and I couldn't recommend her more highly.' **Laura (city-based medical insurance company)**

"Carina has helped me on numerous occasions source really great venues for our team away days at great speed and efficiency! Carina always provides me with great options to choose from that are always a little bit different and quirky which I love! I would have no hesitation in recommending Carina, she is lovely to work with and really professional at the same time". **Karen (city-based accountancy firm)**

## Did someone say Christmas!?

I know we are all basking in the lovely summer weather, but Christmas in London is getting very busy and booked up so if you have an event to arrange then please get in touch sooner rather than later!

## Team, team, team

Everyone likes to motivate their employees and so far, this year Booker Venue has arranged some fun filled events, full of laughs and building happier, more productive teams from treasure hunts to Games nights – we have lots of unique and fun ideas!

## Supporting a fabulous charity
